WHAT IS ENTERPRISE CAMPUS?

Enterprise Campus is a joint initiative between the universities of Aberdeen, Edinburgh and Strathclyde to support postgraduate students from any Scottish university who want to set up their own business.

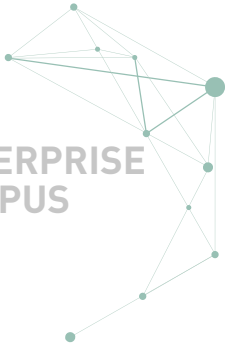

Our initial focus will be on encouraging new high-growth business start-ups, but whatever your idea, our team of advisors can help you to guide your business from initial concept through to incorporation.

Funded by the Scottish Funding Council, Enterprise Campus is a free and impartial service offering support to businesses at all stages – from business plan feedback and IP advice, to events and funding opportunities – all from one of our hubs in Edinburgh, Glasgow and Aberdeen.

We want to take a seed of an idea and turn it into a success.
